DETAILED ACTION

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1-8 and 11-13 are rejected under 35 U.S.C. 103(a) as being unpatentable over Blum et al, U. S. Patent 4,853,433.

3. Claims are rejected for reasons of record. Applicants have amended the claims by incorporating the catalysts of dependant claim 10 into claim 1 and argue that Blum et al does not render prima facie obvious this choice of catalysts. In column 4, line 21, Blum et al specifically teaches the incorporation of catalysts and in column 1, line 38, references conventional catalysts that are among those now claimed. The claimed invention remains, therefore, prima facie obvious from the teachings of Blum et al since the choice of the catalysts is specifically motivated by the combination of the statements of columns 4 and 1.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
